is in conformity with the Medical Device Regulation (MDR) 2017/745 as class I medical devices based on Annex VIII and the following common specifications (CS) and standards

DS/EN ISO 14971:2019, ISO 13485:2016

Standards

The intended purpose: The Fencing wheelchair is a sports wheelchair used for fencing by individuals with reduced mobility. Fencing is designed to optimize stability at competition. The fencing wheelchair is designed to optimize stability while removing one side to provide more space for fencing movements. Additionally, the opposite side features a solid and easily accessible grip handle, allowing the user to sit stably in the wheelchair.

This EU declaration of conformity was written according to Annex 4 in MDR, and all supporting documentation is retained at the premises of the manufacturer.
