Name and Address of Manufacturer – Single Registration Number (SRN)

hereby, under our sole responsibility declare, that the product

E-hockey

Category Name

with model names and reference

Basic UDI-DI: 571382502884

Model
E-hockey

is in conformity with the Medical Device Regulation (MDR) 2017/745 as class I medical devices based on Annex VIII and the following common specifications (CS) and standards

ISO 14971:2019, ISO 13485:2016

Standards

The intended purpose: E-Hockey is an electric wheelchair specifically developed for power hockey, designed to support users with reduced mobility in their participation in sports activities. It is intended for indoor court use and is built to withstand the physical demands of competitive sports. E-Hockey features a strong and durable frame, combining a solid steel chassis with an upper structure made of heat-treated lightweight aluminum. The wheelchair is engineered for high performance and features a low turning radius for enhanced maneuverability. To optimize player performance, E-Hockey is equipped with an ergonomic seat and a low center of gravity, ensuring stability, safety, and agility during fast-paced gameplay.

This EU declaration of conformity was written according to Annex 4 in MDR, and all supporting documentation is retained at the premises of the manufacturer.
